Dear Sirs,I am a XM Satellite subscriber. I pay for the right to exercise my freedom of choice on what I want to listen too. I should not have my rights taken away because the NAB wants to limit my choices. The NAB has a long history of trying to do this, and I implore you to side with me, the consumer, the one who pays taxes, which help pay your govt. salary. Do the right thing, tell the NAB to stay out of my business.

Sincerely,
Stacy K. Martin
